

# RESPECT

By Suzy Davies

verse 1  
It's a beautiful world we're living in,  
But nothing's guaranteed.  
Whether you're young or old or rich or poor,  
There's something we all need,  
Ev'ry colour shape and creed...

chorus  
**Respect! Raise your expectations, accept no limitations,  
Ev'ry generation: respect!  
Respect! Your family, your community.  
Keep your integrity: respect!  
Sometimes you've got to give more than you get,  
But we'll make a better future yet.  
Respect!**

verse 1  
If you're stuck in a tricky situation,  
There's pressure all around,  
It might be hard to do the right thing,  
But you've got to stand your ground.  
Step out of the crowd!

chorus  
**Respect! Raise your expectations, accept no limitations...**

bridge  
Hay reaper, clean sweeper, time keeper, late sleeper,  
Step up to the plate now: respect!  
Cake maker, code breaker, risk taker, head shaker,  
Take a leap of faith now: respect!  
High rider, low rider, insider, outsider,  
Don't be good, be great now: respect!  
Not just a little bit, not just a little bit,  
Not just a little bit, give it more, more, more!

chorus  
**Respect! Raise your expectations, accept no limitations,  
Ev'ry generation: respect!  
Respect! Your family, your community,  
Keep your integrity: respect!  
Respect! Raise your expectations, accept no limitations,  
Ev'ry generation: respect!  
Respect! Your family, your community,  
Keep your integrity: respect!  
It's what the world needs now!**
