

What's it worth, planet earth?

by Suzy Davies

Intro Reduce, re-use, recycle.
 Reduce, re-use, recycle.
 Reduce, re-use, recycle.
 Reduce, re-use, recycle.

Chorus **What's it worth, planet earth?**
 Tell me, what does it mean to you?
 What's it worth, planet earth?
 Tell me, what are you prepared to do?

Verse 1 It only takes a second to turn off the tap
 While you're brushing your pearly whites.
 It only takes a tick and a flick of the wrist
 To switch off unnecessary lights.
 This beautiful blue green paradise
 Should be the pride of the universe.
 So, whoever you are, whatever you do,
 Let's put the planet first.

Chorus **What's it worth, planet earth?...**

Verse 2 If you're not going far, why get in the car?
 Ride the bus and enjoy the view.
 Or why not take a hike? Maybe get on your bike?
 You'll do your health a favour too.
 This beautiful blue green paradise
 Should be the pride of the universe.
 So, whoever you are, whatever you do,
 Let's put the planet first.

Bridge *Group 2:* **Look for less packaging on the products that you choose.** *Voice 2:* **Reduce,**
 Don't just chuck away something someone else could use. **Re-use,**
 Could your rubbish be reborn as something new? **Recycle.**

Chorus *all:* **What's it worth, planet earth?...** *(repeat 2x)*
